

Highlights from Pineberry Manufacturing's Award Winning Innovative Automation Solutions at ICMA EXPO, MODEX and PACK EXPO East

The past few weeks have been extremely busy for the Pineberry Manufacturing team. We exhibited our innovative automation solutions at ICMA EXPO (March 26-29, 2018 – Omni Orlando Resort, Orlando, FL), MODEX (April 9-12, 2018 – Georgia World Congress Center, Atlanta, GA) and PACK EXPO East (April 16-18, 2018 – Pennsylvania Convention Center, Philadelphia, PA). We showcased a wide range of feeding, printing, scanning/inspecting, counting, serializing, track and trace and dispensing technologies for the printing, packaging, pharmaceutical, food, e-Commerce, order fulfillment and card industries.

Live from Orlando, Atlanta and Philadelphia, the innovative automation solutions presented at ICMA EXPO, MODEX and PACK EXPO East included the following Pineberry Manufacturing products:

- [SF 12 Friction Feeder](#)
- [HSF 12 Friction Feeder](#)
- [Table Top HSF 12 Friction Feeder](#)
- [SF 12 Friction Feeder with Print System Integration](#)
- [CartonTrac EC – Erect Carton Serialization and Traceability System](#)
- [InstaPrint Packing Slip Inserter](#)
- [CC 50 Card Counter](#)

With a variety of automation and robotic solutions to choose from, we address your feeding, denesting, packaging, printing, order fulfilling and serialization needs that are efficient, accurate, durable and easy to use, reducing excess costs and errors.

Pineberry Manufacturing Inc. also provided attendees with great insight into affixing and collation systems, verification/inspection systems, pharmaceutical aggregation, DOD printing, labeling and denesting. We discussed the immense market of counterfeit products and the importance of enhancing consumer safety in accordance with legislations, such as the Drug Quality & Security Act (DQSA), the Drug Supply Chain Security Act (DSCSA) and the EU Falsified Medicines Directive (FMD). With peak order periods and seasonal holidays quickly approaching, we conversed the importance of order fulfillment automation, same-day shipping, decreasing bottlenecks, and inserting marketing/promotional collateral to increase repeat orders and customer loyalty
